

ALOYSIUS MWORIRA

IT Student • Web & PWA Developer • Freelance Writer

PROFILE

Motivated Information Technology student at Zetech University with practical experience in web development, Progressive Web Apps (PWA), networking, and programming. Combines strong technical skills with excellent English writing ability, offering freelance content services alongside software development. Passionate about building reliable, user-focused digital solutions and committed to continuous professional growth.

PROJECTS

Personal Portfolio Website — *Live* — [GitHub Pages](#) | 2024

- Designed and built a fully responsive portfolio using HTML, CSS, and JavaScript
 - Implemented mobile-first design with smooth navigation and optimized performance
 - Deployed on GitHub Pages — live and publicly accessible
- aloysius254.github.io/my-portfolio

Progressive Web App (PWA) — *Local Development* | 2024

- Developed a full PWA with offline functionality using service workers and a web app manifest
- Implemented caching strategies for fast load times and cross-device compatibility
- Focused on app-like experience including install prompt and background sync

Dynamic Web Application — *Local Development* | 2023 – 2024

- Built a multi-page web application with PHP backend and MySQL database integration
- Implemented user authentication, form validation, and CRUD operations
- Tested and debugged using XAMPP local server environment

Networking Lab Projects — *Zetech University* | 2023 – Present

- Configured and troubleshooted LAN environments including IP addressing and subnetting
- Practiced router and switch configuration using both physical hardware and simulation
- Completed coursework on TCP/IP protocols, network topology, and OSI model

FREELANCE EXPERIENCE

English Content Writer — *Online – Various Clients* | 2023 – Present

- Delivered 50+ articles, blog posts, and academic writing pieces for online clients
- Covered topics including technology, education, lifestyle, and general interest
- Maintained consistent quality, met all deadlines, and received positive client feedback
- Used platforms such as email and online marketplaces to manage client communication

CERTIFICATIONS & TRAINING

IT & Networking Fundamentals — *Zetech University* | 2023

- Completed structured modules in network configuration and IT support

Self-directed Web Development — *Online Resources* | 2022 – Present

- Completed courses and projects via freeCodeCamp, W3Schools, and YouTube tutorials
- Continuously building skills through hands-on personal and academic projects
